

Index to Volume 29, January-June 1997

INDEX TO SUBJECTS

A

Abdominal injuries

- Ultrasound in the evaluation and management of blunt abdominal trauma (Nordenholz et al); (Todd) (Commentary). 1997;29:357-66 (Review)
- Ultrasound training for blunt abdominal trauma: emergency medicine emphasis (Beach et al). 1997;29:841 (1997 Joint Services abstract)
- Use of ultrasound to determine need for laparotomy in trauma patients (Porter et al); (Plummer) (Commentary). 1997;29:323-30

Abortion

- Fatal myocardial infarction resulting from coronary artery septal embolism after abortion: unusual cause and complication of endocarditis (Caraballo). 1997;29:175-7 (Case rep.)

Abortion, spontaneous

- Clinical policy for the initial approach to patients presenting with a chief complaint of vaginal bleeding (American College of Emergency Physicians). 1997;29:435-58

Abscess

- Incision and drainage of cutaneous abscesses is not associated with bacteremia in afebrile adults (Bobrow et al). 1997;29:404-8 (Brief rep.)

Abstracts

- Abstracts. 1997;29:196-200, 303-7, 429-32, 557-61, 698-703, 827-31
- 1997 International Disaster Management Conference abstracts. 1997;29:186-7
- 1997 Joint Services Symposium abstracts. 1997;29:837-42

Accidents, traffic

- Anatomy of a train wreck (Dworsky and Caley). 1997;29:186-7 (1997 IDMC abstract)
- Arrests and convictions for legally intoxicated drivers evaluated for trauma (Kaplan et al). 1997;29:839 (1997 Joint Services abstract)
- Estimates of injury impairment after acute traumatic injury in motorcycle crashes before and after passage of a mandatory helmet use law (Peek-Asa and Kraus). 1997;29:630-6

Acetylcarnitine

- Neuroprotective effects of acetyl-L-carnitine after stroke in rats (Miljkovic Lolic et al). 1997;29:758-65

Achalasia; see Esophageal achalasia

Adaptation, psychological

- The midnight hour (Ciccone). 1997;29:821-2 (Change of shift)

Adenosine

- Adenosine in wide-complex tachycardia (Herbert and Votey). 1997;29:172-4 (Concept)

Adolescence

- Depression screening in adolescents with somatic complaints presenting to the emergency department (Porter et al). 1997;29:141-5
- Firearm violence among youth (Davies) (Letter); (Fackler) (Letter); (Powell et al) (Reply). 1997;29:424-6

Adrenal cortex hormones

- Intravenous versus oral corticosteroids in the management of acute asthma in children (Barnett et al). 1997;29:212-7

Adrenergic beta receptor agonists

- Comparison of the new microaerosolized and standard aerosolized β -agonist nebulizer systems for acute asthma exacerbations (Kaplan et al). 1997;29:837-8 (1997 Joint Services abstract)
- Refractory asthma, part 1: epidemiology, pathophysiology, pharmacologic interventions (Jagoda et al). 1997;29:262-74 (Review)
- Refractory asthma, part 2: epidemiology, pathophysiology, pharmacologic interventions (Jagoda et al). 1997;29:262-74 (Review)

Adrenergic beta receptor blockers

- Immunol improves survival in a canine model of acute β -blocker toxicity (Kerns et al). 1997;29:748-57

Advanced Cardiac Life Support guidelines

- Adenosine in wide-complex tachycardia (Herbert and Votey). 1997;29:172-4 (Concept)

Age factors

- Patient-specific predictors of ambulance use (Rucker et al). 1997;29:484-91

Aged

- The caregiver and Dr. Gould (Bentley). 1997;29:293-4 (Change of shift)
- Impaired video driving ability in elderly diabetic patients after a 28-hour fast in the absence of hypoglycemic symptoms (Kamin et al). 1997;29:837 (1997 Joint Services abstract)
- Tetanus immunization (Leibman) (Letter); (Alagappan et al) (Reply). 1997;29:192-3

Agriculture

- Recommendations for agricultural safety measures: Do emergency physicians practice injury prevention? (Shukla). 1997;29:841 (1997 Joint Services abstract)

Agrochemicals

- Agricultural and horticultural chemical poisonings: mortality and morbidity in the United States (Klein-Schwartz and Smith). 1997;29:232-8

Air rifle; see Firearms

Airway obstruction

- Acute upper-airway obstruction in a patient with achalasia (Turkot et al). 1997;29:687-9 (Case rep.)

Albuterol

- Effect of different albuterol dosing regimens in the treatment of acute exacerbation of chronic obstructive pulmonary disease (Emmerman and Cydulka). 1997;29:474-8 (Brief rep.)

Alcohol

- Arrests and convictions for legally intoxicated drivers evaluated for trauma (Kaplan et al). 1997;29:839 (1997 Joint Services abstract)
- Blood alcohol concentration and driving (American College of Emergency Physicians). 1997;29:835 (Policy Statement)

Altitude

- Acute altitude exposure and intracranial pressure in rabbits (Storrow et al). 1997;29:838 (1997 Joint Services abstract)

Ambulances

- Assessment of breath sounds during ambulance transport (Brown et al). 1997;29:228-31
- Lights and siren in pediatric 911 ambulance transports: Are they being misused? (Lacher and Bausher). 1997;29:223-7
- Measuring response intervals in a system with a 911 primary and an emergency medical service secondary public safety answering point (Campbell et al). 1997;29:492-6 (Brief rep.)
- Patient-specific predictors of ambulance use (Rucker et al). 1997;29:484-91

American Board of Emergency Medicine

- Longitudinal study of emergency physicians by the American Board of Emergency Medicine: 1995 interim survey results (Rund et al). 1997;29:617-20 (Brief rep.)

American College of Emergency Physicians

- EMS and emergency physicians (McEvoy). 1997;29:301 (Letter)

Analgesia

- Analgesia in renal colic (Smally) (Letter); (Mofenson and Caraccio) (Letter); (Benson) (Letter); (Cordell et al) (Reply). 1997;29:296-9

Use of pediatric sedation and analgesia (American College of Emergency Physicians). 1997;29:834-5 (Policy statement)

Anesthesia
Anesthesia for fish envenomation (Bush). 1997;29:692-3 (Letter)

Angina, unstable
Are typical coronary risk factors associated with acute myocardial infarction and unstable angina in ED patients with chest pain? (Friedland and Pace). 1997;29:841-2 (1997 Joint Services abstract)
Comparison of the 12-lead ECG to detect acute myocardial infarction or unstable angina in patients with and without ongoing chest pain (Friedland and Pace). 1997;29:838-9 (1997 Joint Services abstract)

Annals of Emergency Medicine
State of the journal (Waeckerle et al). 1997;29:161-2 (Special comm.)

Anorexia nervosa
Myocardial infarction resulting from caffeine overdose in an anorectic woman (Forman et al). 1997;29:178-80 (Case rep.)

Antidepressants
Serotonin syndrome associated with nefazodone and paroxetine (John et al). 1997;29:287-9 (Case rep.)

Antigens, CD4
Symptomatology of HIV-related illness and community-acquired illness in an HIV-infected emergency department population (Hafner and Brillman). 1997;29:151-7

Antivenoms
Exotic envenomation (Bey et al). 1997;29:195 (Letter)

Aorta, thoracic
Selective aortic arch perfusion during cardiac arrest: enhanced resuscitation using oxygenated perflubron emulsion, with and without aortic arch epinephrine (Manning et al). 1997;29:580-7

Aortic arch; see Aorta, thoracic

Appendicitis
Effect of transfer on outcome in patients with appendicitis (Norton and Schriger). 1997;29:467-73

Apples
Outbreaks of *Escherichia coli* O157:H7 infection associated with drinking unpasteurized apple cider—October 1996 (Centers for Disease Control and Prevention); (Talan and Slutsker) (Commentary). 1997;29:645-6

Arrhythmia
Hospitalization for fainting: high stakes, low yields (Gallagher). 1997;29:540-2 (Editorial)
Risk stratification of patients with syncope (Martin et al). 1997;29:459-66

Arteries
Agreement between peripheral venous and arterial lactate levels (Gallagher et al). 1997;29:479-83 (Brief rep.)

Asia
Delivery of emergency medical services in Kathmandu, Nepal (Meskin et al). 1997;29:409-14 (International rep.)

Assault; see Violence

Asthma
Comparison of the new microaerosolized and standard aerosolized β -agonist nebulizer systems for acute asthma exacerbations (Kaplan et al). 1997;29:837-8 (1997 Joint Services abstract)
Effect of a pediatric observation unit on the rate of hospitalization for asthma (Gouin et al). 1997;29:218-22

Efficacy of nebulized ipratropium in severely asthmatic children (Qureshi et al). 1997;29:205-11
Intravenous versus oral corticosteroids in the management of acute asthma in children (Barnett et al). 1997;29:212-7
Refractory asthma, part 1: epidemiology, pathophysiology, pharmacologic interventions (Jagoda et al). 1997;29:262-74 (Review)
Refractory asthma, part 2: airway interventions and management (Jagoda et al). 1997;29:275-81 (Review)

Atrial fibrillation
Effectiveness of verapamil-quinidine versus digoxin-quinidine in the emergency department treatment of paroxysmal atrial fibrillation (Innes et al). 1997;29:126-34
Emergency management of atrial fibrillation and flutter: intravenous diltiazem versus intravenous digoxin (Schreck et al). 1997;29:135-40

Atrial flutter
Emergency management of atrial fibrillation and flutter: intravenous diltiazem versus intravenous digoxin (Schreck et al). 1997;29:135-40

Attention deficit disorder with hyperactivity
Driving histories of ADHD subjects (National Highway Traffic Safety Administration); (Jolly) (Commentary). 1997;29:546-8

Attitudes
Attitudes toward the use of a metal detector in an urban emergency department (Meyer et al). 1997;29:621-4 (Brief rep.)
Patients' attitudes toward the practice of procedures on the newly dead (Manifold et al). 1997;29:839-40 (1997 Joint Services abstract)

Automobile driving
Blood alcohol concentration and driving (American College of Emergency Physicians). 1997;29:835 (Policy statement)
Driving histories of ADHD subjects (National Highway Traffic Safety Administration); (Jolly) (Commentary). 1997;29:546-8
Impaired video driving ability in elderly diabetic patients after a 28-hour fast in the absence of hypoglycemic symptoms (Kamin et al). 1997;29:837 (1997 Joint Services abstract)

Automobiles
Epidemic of accidental carbon monoxide poisonings caused by snow-obstructed exhaust systems (Rao et al). 1997;29:290-2 (Case rep.)
New technologies from NHTSA (National Highway Traffic Safety Administration). 1997;29:812-4

B

Bacteremia
Incision and drainage of cutaneous abscesses is not associated with bacteremia in afebrile adults (Bobrow et al). 1997;29:404-8 (Brief rep.)

Beta-agonists; see Adrenergic beta receptor agonists

Beta-blockers; see Adrenergic beta receptor blockers

Beta-human chorionic gonadotropins; see Gonadotropins, chorionic

Bicycling
Helmets work best (Graitcer). 1997;29:643-4 (Editorial)
Observational evaluation of compliance with traffic regulations among helmeted and nonhelmeted bicyclists (Farris et al). 1997;29:625-9

Biological warfare
Biologic terrorism: the threat and the response biomatrix abstract (McDonald). 1997;29:187 (1997 IDMC abstract)

Birth
Blinded by the light (Geiderman). 1997;29:421-2 (Change of shift)

Bites and stings
Law enforcement K-9 dog bites: injuries, complications, and trends (Hutson et al). 1997;29:637-42

Bleeding; see Hemorrhage

Body temperature
Rectal temperature in marathon runners (Ash and Brengelmann) (Letter); (Roth) (Reply). 1997;29:693

Book reviews
Book reviews. 1997;29:201-2, 308-10, 433-4, 562-3, 704-5, 832-3
A question of perspective (Heller). 1997;29:823-4 (Letter)

Bradycardia
Glucagon therapy in the treatment of symptomatic bradycardia (Love and Howell). 1997;29:181-3 (Case rep.)

Brain neoplasms
Acute obstructive hydrocephalus and sudden death in children (Shemie et al). 1997;29:524-8 (Brief rep.)

Breath sounds; see Respiratory sounds

Brief reports
Brief reports. 1997;29:158-60, 353-6, 400-8, 474-83, 492-6, 524-8, 617-24, 735-8

Bronchodilator agents
Refractory asthma, part 1: epidemiology, pathophysiology, pharmacologic interventions (Jagoda et al). 1997;29:262-74 (Review)

C

Caffeine
Myocardial infarction resulting from caffeine overdose in an anorectic woman (Forman et al). 1997;29:178-80 (Case rep.)

Calcium channel blockers
Cardiovascular effects of sodium bicarbonate in a porcine model of calcium-channel-blocker overdose (Tanen et al). 1997;29:840-1 (1997 Joint Services abstract)

Carbon monoxide
Epidemic of accidental carbon monoxide poisonings caused by snow-obstructed exhaust systems (Rao et al). 1997;29:290-2 (Case rep.)

Cardiac arrest; see Heart arrest

Cardiac life support; see Life support care

Cardiac pacing, artificial
Transcutaneous pacing in a hypothermic-dog model (Dixon et al). 1997;29:602-6

Cardiopulmonary bypass
flecainide overdose: Is cardiopulmonary support the treatment? (Yasui et al). 1997;29:680-2 (Case rep.)

Cardiopulmonary resuscitation
Detection of traumatic complications of cardiopulmonary resuscitation by ultrasound (Corbett and O'Callaghan); (Ma) (Commentary). 1997;29:317-22
Effect of advanced cardiac life support training on resuscitation efforts and survival in a rural hospital (Camp et al). 1997;29:529-33
Effects of simulated mouth-to-mouth ventilation during external cardiac compression or active compression-decompression in a swine model of witnessed cardiac arrest (Engoren et al). 1997;29:607-16

In-hospital resuscitation: executive summary (Cummins et al). 1997;29:647-9 (Special cont.)

Real-time ultrasound-guided femoral vein catheterization during cardiopulmonary resuscitation (Hilty et al); (Heller) (Commentary). 1997;29:331-7

Recommended guidelines for reviewing, reporting, and conducting research on in-hospital resuscitation: the in-hospital Utstein style (Cummins et al). 1997;29:650-79 (Special cont.)

Selective aortic arch perfusion during cardiac arrest: enhanced resuscitation using oxygenated perflubron emulsion, with and without aortic arch epinephrine (Manning et al). 1997;29:580-7

Case reports

Case reports. 1997;29:175-83, 284-92, 415-20, 680-9, 815-7, 818-20

Catheterization, peripheral

Real-time ultrasound-guided femoral vein catheterization during cardiopulmonary resuscitation (Hilty et al); (Heller) (Commentary). 1997;29:331-7

CD4; see Antigen, CD4

CD-ROM software; see Software

Centers for Disease Control and Prevention

Outbreaks of *Escherichia coli* O157:H7 infection associated with drinking unpasteurized apple cider—October 1996 (Centers for Disease Control and Prevention); (Talan and Slutsker) (Commentary). 1997;29:645-6

Cerebral ischemia

Effects of hyperbaric oxygen therapy on neurologic outcome after acute focal cerebral ischemia in rats (Roos et al). 1997;29:838 (1997 Joint Services abstract)

Cerebrovascular disorders

Neuroprotective effects of acetyl-L-carnitine after stroke in rats (Miljkovic Lolic et al). 1997;29:758-65

Change of shift

Change of shift. 1997;29:184-5, 293-4, 421-3, 549-50, 690-1, 821-2

Chest pain

Are typical coronary risk factors associated with acute myocardial infarction and unstable angina in ED patients with chest pain? (Friedland and Pace). 1997;29:841-2 (1997 Joint Services abstract)

Chest pain evaluation: through a glass darkly (Lambrew). 1997;29:163-4 (Editorial)

Chest pain units: Do they make sense now? (Gibler). 1997;29:168-71 (Editorial)

Comparison of the 12-lead ECG to detect acute myocardial infarction or unstable angina in patients with and without ongoing chest pain (Friedland and Pace). 1997;29:838-9 (1997 Joint Services abstract)

Comprehensive strategy for the evaluation and triage of the chest pain patient (Tatum et al). 1997;29:116-25

Cost-effectiveness of mandatory stress testing in chest pain center patients (Mikhail et al). 1997;29:88-98

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: a report from a National Heart Attack Alert Program Working Group (Selker et al). 1997;29:13-87 (Special cont.)

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: executive summary of a National Heart Attack Alert Program Working Group report (Selker et al). 1997;29:1-12 (Special cont.)

Feasibility of a rapid diagnostic protocol for an emergency department chest pain unit (Zalenski et al). 1997;29:99-108

Patient satisfaction with an emergency department chest pain observation unit (Rydman et al). 1997;29:109-15

Randomized trials and common sense (Hoekstra). 1997;29:164-6 (Editorial)

Refining the classification of chest pain: a logical next step in the evaluation of patients for acute cardiac ischemia in the emergency department (Ryan). 1997;29:166-8 (Editorial)

Chest radiography; see Thoracic radiography

Child

Acute obstructive hydrocephalus and sudden death in children (Shemie et al). 1997;29:524-8 (Brief rep.)

Children and adults in cardiopulmonary arrest: Are advanced life support guidelines followed in the prehospital setting? (Kumar et al). 1997;29:743-7

Clonidine poisoning in Jefferson County, Alabama (Nichols et al). 1997;29:511-7

Depression screening in adolescents with somatic complaints presenting to the emergency department (Porter et al). 1997;29:141-5

Differences in the out-of-hospital care of children and adults: more questions than answers (Gausche). 1997;29:776-89 (Editorial)

Effect of a pediatric observation unit on the rate of hospitalization for asthma (Gouin et al). 1997;29:218-22

Efficacy of nebulized ipratropium in severely asthmatic children (Qureshi et al). 1997;29:205-11

Estimated use of a pediatric emergency department observation unit (Bond and Wiegand). 1997;29:739-42

Evaluation of a model for improving emergency medical and trauma services for children in rural areas (Smith et al). 1997;29:504-10

Intravenous ketamine sedation of pediatric patients in the emergency department (Dachs and Innes). 1997;29:146-50

Intravenous versus oral corticosteroids in the management of acute asthma in children (Barnett et al). 1997;29:212-7

Lights and siren in pediatric 911 ambulance transports: Are they being misused? (Lacher and Bausher). 1997;29:223-7

One pinch (Cohn). 1997;29:690-1 (Change of shift)

Outpatient oral rehydration (Ladinsky et al) (Letter); (Meyers) (Letter); (Reid and Bonadio) (Reply). 1997;29:551-3

Predictors of abnormal findings of computed tomography of the head in pediatric patients presenting with seizures (Warden et al). 1997;29:518-23

Radiography review revisited (Patrick et al) (Letter); (Simon et al) (Reply). 1997;29:188-9

Use of pediatric sedation and analgesia (American College of Emergency Physicians). 1997;29:834-5 (Policy statement)

Child abuse

Child abuse: Are medical students being trained? (Givens et al). 1997;29:839 (1997 Joint Services abstract)

Cholecystitis

Acute cholecystitis (Cooper) (Letter); (Gallagher) (Reply). 1997;29:554-5

Chronic obstructive pulmonary disease; see Lung diseases, obstructive

Clinical policies

Clinical policy for the initial approach to patients presenting with a chief complaint of seizure who are not in status epilepticus (American College of Emergency Physicians). 1997;29:706-24

Clinical policy for the initial approach to patients presenting with a chief complaint of vaginal bleeding (American College of Emergency Physicians). 1997;29:435-58

Clonidine

Clonidine poisoning in Jefferson County, Alabama (Nichols et al). 1997;29:511-7

Cobra venoms

Exotic envenomation (Bey et al). 1997;29:195 (Letter)

Cocaine

Clinical course of crack cocaine body stuffers (Sporer and Firestone). 1997;29:596-601

Colic

Nitroglycerin and renal colic (Dubinsky and Penciner). 1997;29:824-5 (Letter)

Computers

Review of ultrasound educational CD-ROM software (Valley et al). 1997;29:375-9 (Concepts)

Concepts

Concepts. 1997;29:172-4, 248-61, 367-79, 781-5, 786-91

Conscious sedation

Use of pediatric sedation and analgesia (American College of Emergency Physicians). 1997;29:834-5 (Policy statement)

Consolidated Omnibus Budget Reconciliation Act

COBRA: Tempest in a teapot? (Dunn) (Letter); (Mariani) (Letter); (Young) (Letter); (Levine and Guisto) (Reply); (Schiff and Ansell) (Reply). 1997;29:189-91

Consultants

Consultants. 1997;29:203-4

Core Content

Core Content for emergency medicine (Task Force on the Core Content for Emergency Medicine Revision). 1997;29:792-811 (Special cont.)

Coronary disease

Chest pain evaluation: through a glass darkly (Lambrew). 1997;29:163-4 (Editorial)

Chest pain units: Do they make sense now? (Gibler). 1997;29:168-71 (Editorial)

Comprehensive strategy for the evaluation and triage of the chest pain patient (Tatum et al). 1997;29:116-25

Cost-effectiveness of mandatory stress testing in chest pain center patients (Mikhail et al). 1997;29:88-98

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: a report from a National Heart Attack Alert Program Working Group (Selker et al). 1997;29:13-87 (Special cont.)

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: executive summary of a National Heart Attack Alert Program Working Group report (Selker et al). 1997;29:1-12 (Special cont.)

Feasibility of a rapid diagnostic protocol for an emergency department chest pain unit (Zalenski et al). 1997;29:99-108

Patient satisfaction with an emergency department chest pain observation unit (Rydman et al). 1997;29:109-15

Randomized trials and common sense (Hoekstra). 1997;29:164-6 (Editorial)

Refining the classification of chest pain: a logical next step in the evaluation of patients for acute cardiac ischemia in the emergency department (Ryan). 1997;29:166-8 (Editorial)

Coronary vessels, microbiology

Fatal myocardial infarction resulting from coronary artery septic embolism after abortion: unusual cause and complication of endocarditis (Caraballo). 1997;29:175-7 (Case rep.)

Corrections

- Appropriate use of receiver operating characteristic curves (Hooker). 1997;29:697
- Diabetes and neck pain (Vilke) (1996;28:731). 1997;29:310
- The economic cost of motor vehicle crashes, 1994 (National Highway Traffic Safety Administration) (1996;28:711-2). 1997;29:310
- Epidemic of accidental carbon monoxide poisonings caused by snow-obstructed exhaust systems (Rao et al) (1997;29:290-2). 1997;29:561
- An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: a report from a National Heart Attack Alert Program Working Group (Selker et al) (1997;29:13-87). 1997;29:310

Correspondence

- Correspondence. 1997;29:188-95, 295-302, 424-8, 551-6, 692-7, 823-6

Corticosteroids; see Adrenal cortex hormones

Costs and cost analysis

- Are poison control centers cost-effective? (Williams). 1997;29:246-7 (Editorial)
- Chest pain units: Do they make sense now? (Gibler). 1997;29:168-71 (Editorial)
- Cost-effectiveness of mandatory stress testing in chest pain center patients (Mikhail et al). 1997;29:88-98
- Costs of poisoning in the United States and savings from poison control centers: a benefit-cost analysis (Miller and Lestina). 1997;29:239-45 (Concepts)
- Fosphenytoin: worth the cost? (Miller). 1997;29:823 (Letter)
- Radiography review revisited (Patrick et al) (Letter); (Simon et al) (Reply). 1997;29:188-9

Crack cocaine; see Cocaine

D

Data collection

- Firearm violence among youth (Davies) (Letter); (Fackler) (Letter); (Powell et al) (Reply). 1997;29:424-6

Death

- Agricultural and horticultural chemical poisonings: mortality and morbidity in the United States (Klein-Schwartz and Smith). 1997;29:232-8
- Blinded by the light (Geideman). 1997;29:421-2 (Change of shift)
- The continuing saga (Ngai). 1997;29:422-3 (Change of shift)
- Eventually all of us must die (Wansaicheong). 1997;29:184-5 (Change of shift)
- Lethal defibrillator mishap (Montauk). 1997;29:825 (Letter)
- One pinch (Cohn). 1997;29:690-1 (Change of shift)
- Patients' attitudes toward the practice of procedures on the newly dead (Manifold et al). 1997;29:839-40 (1997 Joint Services abstract)
- Suicide with an air rifle (Pottker et al). 1997;29:818-20 (Case rep.)
- The valium (O'Brien). 1997;29:293 (Change of shift)

Death, sudden

- Acute obstructive hydrocephalus and sudden death in children (Shemie et al). 1997;29:524-8 (Brief rep.)

Decompression sickness

- Intravenous lidocaine as adjunctive therapy in the treatment of decompression illness (Cogar). 1997;29:284-6 (Case rep.)

Defibrillation; see Electric countershock

Dehydration

- Outpatient oral rehydration (Ladinsky et al) (Letter); (Meyers) (Letter); (Reid and Bonadio) (Reply). 1997;29:551-3

Demographics

- Longitudinal study of emergency physicians by the American Board of Emergency Medicine: 1995 interim survey results (Rund et al). 1997;29:617-20 (Brief rep.)

Depression

- Depression screening in adolescents with somatic complaints presenting to the emergency department (Porter et al). 1997;29:141-5

Developing countries

- Delivery of emergency medical services in Kathmandu, Nepal (Meskin et al). 1997;29:409-14 (International rep.)
- Emergency medicine in Vietnam (Richards). 1997;29:543-5 (International rep.)

Dextrophan

- Methcathinone intoxication in the rat: abrogation by dextrophan (Rockhold et al). 1997;29:383-91

Diabetes

- Impaired video driving ability in elderly diabetic patients after a 28-hour fast in the absence of hypoglycemic symptoms (Kamin et al). 1997;29:837 (1997 Joint Services abstract)

Diabetic ketoacidosis

- Urine ketone dip test for the detection of ketonemia in diabetic ketoacidosis and ketosis in the emergency department (Hendey et al). 1997;29:735-8 (Brief rep.)

Diagnostic studies

- Interpretation of diagnostic studies (American College of Emergency Physicians). 1997;29:572-3 (Policy statement)

Digoxin

- Digoxin, hyperkalemia, and kidney failure (Rees and Nelson) (Letter); (Kuhn) (Letter); (Jain and Lin) (Letter); (Fenton and Smally) (Reply). 1997;29:694-7
- Effectiveness of verapamil-quinidine versus digoxin-quinidine in the emergency department treatment of paroxysmal atrial fibrillation (Innes et al). 1997;29:126-34
- Emergency management of atrial fibrillation and flutter: intravenous diltiazem versus intravenous digoxin (Schreck et al). 1997;29:135-40

Diltiazem

- Emergency management of atrial fibrillation and flutter: intravenous diltiazem versus intravenous digoxin (Schreck et al). 1997;29:135-40

Disasters

- Anatomy of a train wreck (Dworsky and Caley). 1997;29:186-7 (1997 IDMC abstract)
- Biologic terrorism: the threat and the response biomatrix abstract (McDonald). 1997;29:187 (1997 IDMC abstract)
- Injuries and illnesses reported during the recovery phase of two presidentially declared disasters in 1994: the Northridge earthquake and Georgia floods (Teeter). 1997;29:187 (1997 IDMC abstract)
- Psychologic treatment by EMS personnel in disasters (Reeves and Pinkofsky). 1997;29:299-300 (Letter)
- Use of disaster medical aid centers during a civilian disaster (March et al). 1997;29:186 (1997 IDMC abstract)

Dogs

- Law enforcement K-9 dog bites: injuries, complications, and trends (Hutson et al). 1997;29:637-42

Domestic violence; see Violence

Drug costs

- Fosphenytoin: worth the cost? (Miller). 1997;29:823 (Letter)

Drug screening

- Effect of nalmefene on urine opioid screening (Hernandez et al). 1997;29:839 (1997 Joint Services abstract)

Drugs, adverse effects

- Warning patients of outpatient medication-induced sedation: preprinted instructions increase compliance (Pennard et al). 1997;29:840 (1997 Joint Services abstract)

E

Earthquake; see Natural disasters

Economics, pharmaceutical

- Fosphenytoin: worth the cost? (Miller). 1997;29:823 (Letter)

Ectopic pregnancy; see Pregnancy

Editorials

- Editorials. 1997;29:163-71, 246-7, 380-2, 540-2, 643-4, 776-89, 789-90

Education

- Child abuse: Are medical students being trained? (Givens et al). 1997;29:839 (1997 Joint Services abstract)
- Core Content for emergency medicine (Task Force on the Core Content for Emergency Medicine Revision). 1997;29:792-811 (Special cont.)
- Effect of advanced cardiac life support training on resuscitation efforts and survival in a rural hospital (Camp et al). 1997;29:529-33
- Emergency medicine research consent form readability assessment (Mader and Playe). 1997;29:534-9
- Guidelines for undergraduate education in emergency medicine (American College of Emergency Physicians). 1997;29:835 (Policy statement)
- Patients' attitudes toward the practice of procedures on the newly dead (Manifold et al). 1997;29:839-40 (1997 Joint Services abstract)
- Review of ultrasound educational CD-ROM software (Valley et al). 1997;29:375-9 (Concepts)
- Ultrasound training for blunt abdominal trauma: emergency medicine emphasis (Beach et al). 1997;29:841 (1997 Joint Services abstract)

Electric countershock

- Effect of electrode position and gel-application technique on predicted transcardiac current during transthoracic defibrillation (Caterine et al). 1997;29:588-95
- Lethal defibrillator mishap (Montauk). 1997;29:825 (Letter)

Electrocardiography

- Comparison of the 12-lead ECG to detect acute myocardial infarction or unstable angina in patients with and without ongoing chest pain (Friedland and Pace). 1997;29:838-9 (1997 Joint Services abstract)
- Effect of duration from symptom onset on the negative predictive value of a normal ECG for exclusion of acute myocardial infarction (Singer et al). 1997;29:575-9

Electrodes

- Effect of electrode position and gel-application technique on predicted transcardiac current during transthoracic defibrillation (Caterine et al). 1997;29:588-95

Embolism

- Fatal myocardial infarction resulting from coronary artery septal embolism after abortion: unusual cause and complication of endocarditis (Caraballo). 1997;29:175-7 (Case rep.)

Emergency medical services

- Core Content for emergency medicine (Task Force on the Core Content for Emergency Medicine Revision). 1997;29:792-811 (Special cont.)
- Delivery of emergency medical services in Kathmandu, Nepal (Meskin et al). 1997;29:409-14 (International rep.)

- Emergency care guidelines (American College of Emergency Physicians). 1997;29:564-71 (Policy statement)
- Emergency department ultrasound services by emergency physicians: model for gaining hospital approval (Tandy and Hoffenberg). 1997;29:367-74 (Concepts)
- Emergency ultrasound: out of the acoustic shadows (Heller). 1997;29:380-2 (Editorial)
- EMS and emergency physicians (McEvoy). 1997;29:301 (Letter)
- Evaluation of a model for improving emergency medical and trauma services for children in rural areas (Smith et al). 1997;29:504-10
- Law enforcement agencies and out-of-hospital emergency care (Alonso-Serra et al). 1997;29:497-503
- Measuring response intervals in a system with a 911 primary and an emergency medical service secondary public safety answering point (Campbell et al). 1997;29:492-6 (Brief rep.)
- Emergency medical technicians**
- Children and adults in cardiopulmonary arrest: Are advanced life support guidelines followed in the prehospital setting? (Kumar et al). 1997;29:743-7
- Differences in the out-of-hospital care of children and adults: more questions than answers (Gausche). 1997;29:776-89 (Editorial)
- Lung sounds interpretation (Levins) (Letter); (Wigder) (Reply). 1997;29:555-6
- Psychologic treatment by EMS personnel in disasters (Reeves and Pinkofsky). 1997;29:299-300 (Letter)
- Endocarditis, subacute bacterial**
- Fatal myocardial infarction resulting from coronary artery septal embolism after abortion: unusual cause and complication of endocarditis (Caraballo). 1997;29:175-7 (Case rep.)
- Envenomation; see Venoms**
- Epilepsy**
- Intranasal midazolam in patients with status epilepticus (Kendall et al). 1997;29:415-7 (Case rep.)
- Epinephrine**
- Selective aortic arch perfusion during cardiac arrest: enhanced resuscitation using oxygenated perflubron emulsion, with and without aortic arch epinephrine (Manning et al). 1997;29:580-7
- Escherichia coli**
- Outbreaks of *Escherichia coli* O157:H7 infection associated with drinking unpasteurized apple cider—October 1996 (Centers for Disease Control and Prevention); (Talan and Slutsker) (Commentary). 1997;29:645-6
- Esophageal achalasia**
- Acute upper-airway obstruction in a patient with achalasia (Turkot et al). 1997;29:687-9 (Case rep.)
- Eye**
- Visual acuity after topical application of proparacaine (Bossart et al). 1997;29:158-60 (Brief rep.)
- F**
- Fainting; see Syncope**
- Femoral vein**
- Real-time ultrasound-guided femoral vein catheterization during cardiopulmonary resuscitation (Hilty et al); (Heller) (Commentary). 1997;29:331-7
- Firearms**
- Firearm violence among youth (Davies) (Letter); (Fackler) (Letter); (Powell et al) (Reply). 1997;29:424-6

- Suicide with an air rifle (Pottker et al). 1997;29:818-20 (Case rep.)
- Fish venoms**
- Anesthesia for fish envenomation (Bush). 1997;29:692-3 (Letter)
- Fishes**
- Scombroid poisoning revisited (Downs) (Letter); (Clark) (Letter); (McInerney) (Reply). 1997;29:426-7
- Flecainide**
- Flecainide overdose: Is cardiopulmonary support the treatment? (Yasui et al). 1997;29:680-2 (Case rep.)
- Floods; see Natural disasters**
- Fluid therapy**
- Effect of immediate fluid resuscitation on the rate, volume, and duration of pulmonary vascular hemorrhage in a sheep model of penetrating thoracic trauma (Sakles et al). 1997;29:392-9
- Outpatient oral rehydration (Ladinsky et al) (Letter); (Meyers) (Letter); (Reid and Bonadio) (Reply). 1997;29:551-3
- Food poisoning**
- Scombroid poisoning revisited (Downs) (Letter); (Clark) (Letter); (McInerney) (Reply). 1997;29:426-7
- Foreign bodies**
- Radiographic detection of gravel in soft tissue (Chisholm et al). 1997;29:725-30
- Ultrasound for the detection of foreign bodies in human tissue (Hill et al); (Jehle) (Commentary). 1997;29:353-6 (Brief rep.)
- Ultrasound retrieval of foreign bodies (Storrow and Manthey). 1997;29:789-90 (Editorial)
- Ultrasound-guided retrieval of small foreign objects in the subcutaneous tissue (Turner et al). 1997;29:731-4
- Fractures**
- Do wrist guards protect against fractures? (Lewis et al). 1997;29:766-9
- Hip fracture presenting as isolated knee pain (Guss). 1997;29:418-20 (Case rep.)

- Randomized trials and common sense (Hoekstra). 1997;29:164-6 (Editorial)

Refining the classification of chest pain: a logical next step in the evaluation of patients for acute cardiac ischemia in the emergency department (Ryan). 1997;29:166-8 (Editorial)

J

Journal

State of the journal (Waeckerle et al). 1997;29:161-2 (Special comm.)

K

Ketamine

Intravenous ketamine sedation of pediatric patients in the emergency department (Dachs and Innes). 1997;29:146-50

Ketones

Urine ketone dip test for the detection of ketonemia in diabetic ketoacidosis and ketosis in the emergency department (Hendey et al). 1997;29:735-8 (Brief rep.)

Ketosis

Urine ketone dip test for the detection of ketonemia in diabetic ketoacidosis and ketosis in the emergency department (Hendey et al). 1997;29:735-8 (Brief rep.)

Kidney diseases

Analgesia in renal colic (Smally) (Letter); (Mofenson and Caraccio) (Letter); (Benson) (Letter); (Cordell et al) (Reply). 1997;29:296-9

Nitroglycerin and renal colic (Dubinsky and Penciner). 1997;29:924-5 (Letter)

Kidney failure, acute

Digoxin, hyperkalemia, and kidney failure (Rees and Nelson) (Letter); (Kuhn) (Letter); (Jain and Lin) (Letter); (Fenton and Smally) (Reply). 1997;29:694-7

Knee

Hip fracture presenting as isolated knee pain (Guss). 1997;29:418-20 (Case rep.)

L

Lactates

Agreement between peripheral venous and arterial lactate levels (Gallagher et al). 1997;29:479-83 (Brief rep.)

Laparotomy

Use of ultrasound to determine need for laparotomy in trauma patients (Porter et al); (Plummer) (Commentary). 1997;29:323-30

Legislation

Arrests and convictions for legally intoxicated drivers evaluated for trauma (Kaplan et al). 1997;29:839 (1997 Joint Services abstract)

Estimates of injury impairment after acute traumatic injury in motorcycle crashes before and after passage of a mandatory helmet use law (Peek-Asa and Kraus). 1997;29:630-6

Helmets work best (Graitcer). 1997;29:643-4 (Editorial)

Observational evaluation of compliance with traffic regulations among helmeted and nonhelmeted bicyclists (Farris et al). 1997;29:625-9

Length of stay

Effect of emergency physician-performed pelvic sonography on length of stay in the emergency department (Shih); (Mateer) (Commentary). 1997;29:348-52

Letters; see Correspondence

Lidocaine

Intravenous lidocaine as adjunctive therapy in the treatment of decompression illness (Cogar). 1997;29:284-6 (Case rep.)

Life

Blinded by the light (Geiderman). 1997;29:421-2 (Change of shift)

Life support care

Children and adults in cardiopulmonary arrest: Are advanced life support guidelines followed in the prehospital setting? (Kumar et al). 1997;29:743-7

Differences in the out-of-hospital care of children and adults: more questions than answers (Gausche). 1997;29:776-89 (Editorial)

Effect of advanced cardiac life support training on resuscitation efforts and survival in a rural hospital (Camp et al). 1997;29:529-33

In-hospital resuscitation: executive summary (Cummins et al). 1997;29:647-9 (Special cont.)

Recommended guidelines for reviewing, reporting, and conducting research on in-hospital resuscitation: the in-hospital "Utstein style" (Cummins et al). 1997;29:650-79 (Special cont.)

Lights and siren

Lights and siren in pediatric 911 ambulance transports: Are they being misused? (Lachar and Bausher). 1997;29:223-7

Lung diseases, obstructive

Effect of different albuterol dosing regimens in the treatment of acute exacerbation of chronic obstructive pulmonary disease (Emmerman and Cydulka). 1997;29:474-8 (Brief rep.)

Lung neoplasms

My first hug (Hess). 1997;29:549-50 (Change of shift)

Lung sounds; see Respiratory sounds

M

Marathon running; see Running

Mediastinitis

Descending necrotizing mediastinitis: complication of a simple dental infection (Haraden and Zwemer). 1997;29:683-6 (Case rep.)

Medical aid centers

Use of disaster medical aid centers during a civilian disaster (March et al). 1997;29:186 (1997 IDMC abstract)

Medical students; see Students, medical

Mental health services

Psychologic treatment by EMS personnel in disasters (Reeves and Pinkofsky). 1997;29:299-300 (Letter)

Meperidine

Analgesia in renal colic (Smally) (Letter); (Mofenson and Caraccio) (Letter); (Benson) (Letter); (Cordell et al) (Reply). 1997;29:296-9

Metal detectors

Attitudes toward the use of a metal detector in an urban emergency department (Meyer et al). 1997;29:621-4 (Brief rep.)

Methcathinone

Methcathinone intoxication in the rat: abrogation by dextropropion (Rockhold et al). 1997;29:383-91

Mexico

Obtaining US prescription medications in Mexico (Passey et al). 1997;29:840 (1997 Joint Services abstract)

Midazolam

Intranasal midazolam in patients with status epilepticus (Kendall et al). 1997;29:415-7 (Case rep.)

Migraine

Migraine classification and pathophysiology (Parrillo). 1997;29:825-6 (Letter)

Miscarriage; see Abortion, spontaneous

Misinformation

Incorrect overdose management advice in the *Physicians' Desk Reference* (Mullen et al). 1997;29:255-61 (Concepts)

Mortality; see Death

Motorcycles

Do motorcycle helmets affect riders' vision and hearing? (National Highway Traffic Safety Administration); (Runge) (Commentary). 1997;29:282-3

Estimates of injury impairment after acute traumatic injury in motorcycle crashes before and after passage of a mandatory helmet use law (Peek-Asa and Kraus). 1997;29:630-6

Mouth-to-mouth ventilation; see Ventilation

Myocardial infarction, diagnosis

Are typical coronary risk factors associated with acute myocardial infarction and unstable angina in ED patients with chest pain? (Friedland and Pace). 1997;29:841-2 (1997 Joint Services abstract)

Chest pain evaluation: through a glass darkly (Lambrew). 1997;29:163-4 (Editorial)

Chest pain units: Do they make sense now? (Gibler). 1997;29:168-71 (Editorial)

Comparison of the 12-lead ECG to detect acute myocardial infarction or unstable angina in patients with and without ongoing chest pain (Friedland and Pace). 1997;29:838-9 (1997 Joint Services abstract)

Comprehensive strategy for the evaluation and triage of the chest pain patient (Tatum et al). 1997;29:116-25

Cost-effectiveness of mandatory stress testing in chest pain center patients (Mikhail et al). 1997;29:88-98

Effect of duration from symptom onset on the negative predictive value of a normal ECG for exclusion of acute myocardial infarction (Singer et al). 1997;29:575-9

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: a report from a National Heart Attack Alert Program Working Group (Selker et al). 1997;29:13-87 (Special cont.)

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: executive summary of a National Heart Attack Alert Program Working Group report (Selker et al). 1997;29:1-12 (Special cont.)

Feasibility of a rapid diagnostic protocol for an emergency department chest pain unit (Zalenski et al). 1997;29:99-108

Patient satisfaction with an emergency department chest pain observation unit (Rydman et al). 1997;29:109-15

Randomized trials and common sense (Hoekstra). 1997;29:164-6 (Editorial)

Refining the classification of chest pain: a logical next step in the evaluation of patients for acute cardiac ischemia in the emergency department (Ryan). 1997;29:166-8 (Editorial)

Myocardial infarction, etiology

Fatal myocardial infarction resulting from coronary artery septal embolism after abortion: unusual cause and complication of endocarditis (Caraballo). 1997;29:175-7 (Case rep.)

Myocardial infarction resulting from caffeine overdose in an anorectic woman (Forman et al). 1997;29:178-80 (Case rep.)

Myocardial infarction, therapy

Unnecessary thrombolysis (Fesmire) (Letter); (Borzak and Khoury) (Reply). 1997;29:553-4

N

Nalmefene

Effect of nalmefene on urine opioid screening (Hernandez et al). 1997;29:839 (1997 Joint Services abstract)
Potential danger of nalmefene use in the emergency department (Gaeta et al). 1997;29:193-4 (Letter)

Naloxone

Clonidine poisoning in Jefferson County, Alabama (Nichols et al). 1997;29:511-7

Narcotics

Effect of nalmefene on urine opioid screening (Hernandez et al). 1997;29:839 (1997 Joint Services abstract)
Potential danger of nalmefene use in the emergency department (Gaeta et al). 1997;29:193-4 (Letter)

National Heart Attack Alert Program Working Group

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: a report from a National Heart Attack Alert Program Working Group (Selker et al). 1997;29:13-87 (Special cont.)

An evaluation of technologies for identifying acute cardiac ischemia in the emergency department: executive summary of a National Heart Attack Alert Program Working Group report (Selker et al). 1997;29:1-12 (Special cont.)

National Highway Traffic Safety Administration

Do motorcycle helmets affect riders' vision and hearing? (National Highway Traffic Safety Administration); (Runge) (Commentary). 1997;29:282-3

Driving histories of ADHD subjects (National Highway Traffic Safety Administration); (Jolly) (Commentary). 1997;29:546-8

New technologies from NHTSA (National Highway Traffic Safety Administration); (Jolly) (Commentary). 1997;29:812-4

Natural disasters

Injuries and illnesses reported during the recovery phase of two presidentially declared disasters in 1994: the Northridge earthquake and Georgia floods (Teeter). 1997;29:187 (1997 IDMC abstract)

Use of disaster medical aid centers during a civilian disaster (March et al). 1997;29:186 (1997 IDMC abstract)

Nebulizers and vaporizers

Comparison of the new microaerosolized and standard aerosolized β -agonist nebulizer systems for acute asthma exacerbations (Kaplan et al). 1997;29:837-8 (1997 Joint Services abstract)

Necrosis

Descending necrotizing mediastinitis: complication of a simple dental infection (Haraden and Zwemer). 1997;29:683-6 (Case rep.)

Nefazodone

Serotonin syndrome associated with nefazodone and paroxetine (John et al). 1997;29:287-9 (Case rep.)

Neoplasms

Eventually all of us must die (Wansaicheong). 1997;29:184-5 (Change of shift)

Nepal

Delivery of emergency medical services in Kathmandu, Nepal (Meskin et al). 1997;29:409-14 (International rep.)

Neutrophils

Impaired neutrophil adherence as an early marker of systemic inflammatory response syndrome and severe sepsis (Terregino et al). 1997;29:400-3 (Brief rep.)

Newly dead; see Death

Nitroglycerin

Nitroglycerin and renal colic (Dubinsky and Penciner). 1997;29:824-5 (Letter)

O

Observation units

Effect of a pediatric observation unit on the rate of hospitalization for asthma (Gouin et al). 1997;29:218-22
Estimated use of a pediatric emergency department observation unit (Bond and Wiegand). 1997;29:739-42

Opioids; see Narcotics

Oral rehydration; see Fluid therapy

Organophosphates; see Insecticides

Oropharynx

Large-diameter suction system significantly improves oropharyngeal evacuation of particulate and viscous simulated vomit (Vandenberg and Lutz). 1997;29:841 (1997 Joint Services abstract)

Outpatients

Outpatient oral rehydration (Ladinsky et al) (Letter); (Meyers) (Letter); (Reid and Bonadio) (Reply). 1997;29:551-3

Overdose; see also Poisoning entries

Cardiovascular effects of sodium bicarbonate in a porcine model of calcium-channel-blocker overdose (Tanen et al). 1997;29:840-1 (1997 Joint Services abstract)

flecainide overdose: Is cardiopulmonary support the treatment? (Yasui et al). 1997;29:680-2 (Case rep.)

Incorrect overdose management advice in the *Physicians' Desk Reference* (Mullen et al). 1997;29:255-61 (Concepts)

Myocardial infarction resulting from caffeine overdose in an anorectic woman (Forman et al). 1997;29:178-80 (Case rep.)

P

Pain

Intravenous ketamine sedation of pediatric patients in the emergency department (Dachs and Innes). 1997;29:146-50

One pinch (Cohn). 1997;29:690-1 (Change of shift)

The valium (O'Brien). 1997;29:293 (Change of shift)

Paramedics; see Emergency medical technicians

Paroxetine

Serotonin syndrome associated with nefazodone and paroxetine (John et al). 1997;29:287-9 (Case rep.)

Paroxysmal atrial fibrillation; see Atrial fibrillation

Patient compliance

Helmets work best (Graitcer). 1997;29:643-4 (Editorial)
Observational evaluation of compliance with traffic regulations among helmeted and nonhelmeted bicyclists (Farris et al). 1997;29:625-9

Warning patients of outpatient medication-induced sedation: preprinted instructions increase compliance (Pennardt et al). 1997;29:840 (1997 Joint Services abstract)

Patient education

Warning patients of outpatient medication-induced sedation: preprinted instructions increase compliance (Pennardt et al). 1997;29:840 (1997 Joint Services abstract)

Patient positioning

Optimal positioning for cervical immobilization (Olson et al) (Letter); (Schriger) (Reply). 1997;29:693-4

Patient records

Patient records in the emergency department (American College of Emergency Physicians). 1997;29:835 (Policy statement)

Patient satisfaction

Patient satisfaction with an emergency department chest pain observation unit (Rydman et al). 1997;29:109-15

Patient transfer

COBRA: Tempest in a teapot? (Dunn) (Letter); (Mariani) (Letter); (Young) (Letter); (Levine and Guisto) (Reply); (Schiff and Ansell) (Reply). 1997;29:189-91

Effect of transfer on outcome in patients with appendicitis (Norton and Schriger). 1997;29:467-73

Pediatrics; see Child

Pelvis

Effect of emergency physician-performed pelvic sonography on length of stay in the emergency department (Shih); (Mateer) (Commentary). 1997;29:348-52

Pelvic ultrasound performed by emergency physicians for the detection of ectopic pregnancy in complicated first-trimester pregnancies (Durham et al); (Mateer) (Commentary). 1997;29:338-47

Perflubron

Selective aortic arch perfusion during cardiac arrest: enhanced resuscitation using oxygenated perflubron emulsion, with and without aortic arch epinephrine (Manning et al). 1997;29:580-7

Perfusion

Selective aortic arch perfusion during cardiac arrest: enhanced resuscitation using oxygenated perflubron emulsion, with and without aortic arch epinephrine (Manning et al). 1997;29:580-7

Periodontitis

Descending necrotizing mediastinitis: complication of a simple dental infection (Haraden and Zwemer). 1997;29:683-6 (Case rep.)

Pesticides

Agricultural and horticultural chemical poisonings: mortality and morbidity in the United States (Klein-Schwartz and Smith). 1997;29:232-8

Phenytoin

Fosphenytoin: worth the cost? (Miller) 1997;29:823 (Letter)

Physician assistants

Guidelines on the role of physician assistants in emergency departments (American College of Emergency Physicians). 1997;29:571 (Policy statement)

Physician-patient relationships

The caregiver and Dr. Gould (Bentley). 1997;29:293-4 (Change of shift)

Eventually all of us must die (Wansaicheong). 1997;29:184-5 (Change of shift)

My first hug (Hess). 1997;29:549-50 (Change of shift)

Physicians' Desk Reference

Incorrect overdose management advice in the *Physicians' Desk Reference* (Mullen et al). 1997;29:255-61 (Concepts)

Plastics

Ultrasound for the detection of foreign bodies in human tissue (Hill et al); (Lehle) (Commentary). 1997;29:353-6 (Brief rep.)

Poison control centers

Are poison control centers cost-effective? (Williams). 1997;29:246-7 (Editorial)

Costs of poisoning in the United States and savings from poison control centers: a benefit-cost analysis (Miller and Lestina). 1997;29:239-45 (Concepts)

Poisoning; see also Overdose

Poisoning, complications

Digoxin, hyperkalemia, and kidney failure (Rees and Nelson) (Letter); (Kuhn) (Letter); (Jain and Lin) (Letter); (Fenton and Smally) (Reply). 1997;29:694-7
Organophosphate poisoning in pregnancy (Bailey) (Letter); (Okumura) (Reply). 1997;29:299

Poisoning, drug therapy

Cardiovascular effects of sodium bicarbonate in a porcine model of calcium-channel-blocker overdose (Tanen et al). 1997;29:840-1 (1997 Joint Services abstract)
Methcathinone intoxication in the rat: abrogation by dextrophan (Rockhold et al). 1997;29:383-91
Potential danger of nalmefene use in the emergency department (Gaeta et al). 1997;29:193-4 (Letter)

Poisoning, economics

Are poison control centers cost-effective? (Williams). 1997;29:246-7 (Editorial)
Costs of poisoning in the United States and savings from poison control centers: a benefit-cost analysis (Miller and Lestina). 1997;29:239-45 (Concepts)

Poisoning, etiology

Clinical course of crack cocaine body stuffers (Sporer and Firestone). 1997;29:596-601
Epidemic of accidental carbon monoxide poisonings caused by snow-obstructed exhaust systems (Rao et al). 1997;29:290-2 (Case rep.)
Scombroid poisoning revisited (Downs) (Letter); (Clark) (Letter); (McInerney) (Reply). 1997;29:426-7

Poisoning, mortality

Agricultural and horticultural chemical poisonings: mortality and morbidity in the United States (Klein-Schwartz and Smith). 1997;29:232-8

Poisoning, physiopathology

Agricultural and horticultural chemical poisonings: mortality and morbidity in the United States (Klein-Schwartz and Smith). 1997;29:232-8
Rhabdomyolysis and suicidal hydrocarbon inhalation (Betrosian and Palamarou). 1997;29:301-2 (Letter)

Poisoning, prevention and control

Hazardous Materials Exposure Information Service: development, analysis, and medical implications (Burgess et al). 1997;29:248-54 (Concepts)

Poisoning, therapy

Clonidine poisoning in Jefferson County, Alabama (Nichols et al). 1997;29:511-7
Flecainide overdose: Is cardiopulmonary support the treatment? (Yasui et al). 1997;29:680-2 (Case rep.)
Insulin improves survival in a canine model of acute β -blocker toxicity (Kerns et al). 1997;29:748-57

Police

Law enforcement agencies and out-of-hospital emergency care (Alonso-Serra et al). 1997;29:497-503
Law enforcement K-9 dog bites: injuries, complications, and trends (Hutson et al). 1997;29:637-42

Policy statements

Blood alcohol concentration and driving (American College of Emergency Physicians). 1997;29:835
Emergency care guidelines (American College of Emergency Physicians). 1997;29:564-71
Guidelines for undergraduate education in emergency medicine (American College of Emergency Physicians). 1997;29:835

Guidelines on the role of physician assistants in emergency departments (American College of Emergency Physicians). 1997;29:571

HIV and bloodborne infections in emergency medicine (American College of Emergency Physicians). 1997;29:571-2

Interpretation of diagnostic studies (American College of Emergency Physicians). 1997;29:572-3

Patient records in the emergency department (American College of Emergency Physicians). 1997;29:835

Rapid-sequence intubation (American College of Emergency Physicians). 1997;29:573

Telephone orders in the ED (American College of Emergency Physicians). 1997;29:835-6

Use of pediatric sedation and analgesia (American College of Emergency Physicians). 1997;29:834-5

Pralidoxime

Organophosphate poisoning in pregnancy (Bailey) (Letter); (Okumura) (Reply). 1997;29:299

Pregnancy

Effect of emergency physician-performed pelvic sonography on length of stay in the emergency department (Shih); (Mateer) (Commentary). 1997;29:348-52
Organophosphate poisoning in pregnancy (Bailey) (Letter); (Okumura) (Reply). 1997;29:299

Pregnancy, ectopic

Clinical policy for the initial approach to patients presenting with a chief complaint of vaginal bleeding (American College of Emergency Physicians). 1997;29:435-58
Diagnosis of ectopic pregnancy (Barnhart and Coutifaris). 1997;29:295-6 (Letter)

Pelvic ultrasound performed by emergency physicians for the detection of ectopic pregnancy in complicated first-trimester pregnancies (Durham et al); (Mateer) (Commentary). 1997;29:338-47

Prescriptions, drug

Obtaining US prescription medications in Mexico (Passey et al). 1997;29:840 (1997 Joint Services abstract)

Proparacaine

Visual acuity after topical application of proparacaine (Bossart et al). 1997;29:158-60 (Brief rep.)

Protective devices

Do wrist guards protect against fractures? (Lewis et al). 1997;29:766-9

Psychology

Psychologic treatment by EMS personnel in disasters (Reeves and Pinkofsky). 1997;29:299-300 (Letter)

Pulmonary veins

Effect of immediate fluid resuscitation on the rate, volume, and duration of pulmonary vascular hemorrhage in a sheep model of penetrating thoracic trauma (Sakles et al). 1997;29:392-9

Pulseless electrical activity

Mechanical hyperinflation PEA (Pohl). 1997;29:427 (Letter)

Purification

Severe hyponatremia after "purification" (Al-Zaki and Jolly). 1997;29:194-5 (Letter)

Q

Quinidine

Effectiveness of verapamil-quinidine versus digoxin-quinidine in the emergency department treatment of paroxysmal atrial fibrillation (Innes et al). 1997;29:126-34

R

Radiography

Radiographic detection of gravel in soft tissue (Chisholm et al). 1997;29:725-30

Radiography review revisited (Patrick et al) (Letter); (Simon et al) (Reply). 1997;29:188-9

Trauma ultrasound examination versus chest radiography in the detection of hemothorax (Ma and Mateer); (Scalea and Sclafani) (Commentary). 1997;29:312-6

Randomized controlled trials

Randomized trials and common sense (Hoekstra). 1997;29:164-6 (Editorial)

Rapid-sequence intubation; see Intubation, intratracheal

Receiver operating characteristic curves; see ROC curves

Refractory asthma; see Asthma

Rehydration; see Fluid therapy

Renal colic; see Kidney diseases

Research

Emergency medicine research consent form readability assessment (Mader and Playe). 1997;29:534-9
Recommended guidelines for reviewing, reporting, and conducting research on in-hospital resuscitation: the in-hospital Utstein style (Cummins et al). 1997;29:650-79 (Special cont.)

Respiration, artificial

Mechanical hyperinflation PEA (Pohl). 1997;29:427 (Letter)
Refractory asthma, part 2: airway interventions and management (Jagoda et al). 1997;29:275-81 (Review)

Respiratory sounds

Assessment of breath sounds during ambulance transport (Brown et al). 1997;29:228-31
Lung sounds interpretation (Levins) (Letter); (Wigder) (Reply). 1997;29:555-6
Paradoxical vocal cord motion presenting as acute stridor (Dinulos et al). 1997;29:815-7 (Case rep.)

Resuscitation; see Cardiopulmonary resuscitation

Reviews

Reviews. 1997;29:262-81, 357-66

Rhabdomyolysis

Rhabdomyolysis and suicidal hydrocarbon inhalation (Betrosian and Palamarou). 1997;29:301-2 (Letter)

Risk factors

Are typical coronary risk factors associated with acute myocardial infarction and unstable angina in ED patients with chest pain? (Friedland and Pace). 1997;29:841-2 (1997 Joint Services abstract)
Hospitalization for fainting: high stakes, low yields (Gallagher). 1997;29:540-2 (Editorial)
Risk stratification of patients with syncope (Martin et al). 1997;29:459-66

ROC curves

Appropriate use of receiver operating characteristic curves (McAfee) (Letter); (Hooker) (Reply). 697, 1997;29:556

Running

Rectal temperature in marathon runners (Ash and Bengelmann) (Letter); (Roth) (Reply). 1997;29:693

Rural health

Effect of advanced cardiac life support training on resuscitation efforts and survival in a rural hospital (Camp et al). 1997;29:529-33
Evaluation of a model for improving emergency medical and trauma services for children in rural areas (Smith et al). 1997;29:504-10

S

Safety

Attitudes toward the use of a metal detector in an urban emergency department (Meyer et al). 1997;29:621-4 (Brief rep.)

Do motorcycle helmets affect riders' vision and hearing? (National Highway Traffic Safety Administration); (Runge) (Commentary). 1997;29:282-3

Driving histories of ADHD subjects (National Highway Traffic Safety Administration); (Jolly) (Commentary). 1997;29:546-8

Estimates of injury impairment after acute traumatic injury in motorcycle crashes before and after passage of a mandatory helmet use law (Peek-Asa and Kraus). 1997;29:630-6

Helmets work best (Graitcer). 1997;29:643-4 (Editorial)

New technologies from NHTSA (National Highway Traffic Safety Administration). 1997;29:812-4

Observational evaluation of compliance with traffic regulations among helmeted and nonhelmeted bicyclists (Farris et al). 1997;29:625-9

Recommendations for agricultural safety measures: Do emergency physicians practice injury prevention? (Shukla). 1997;29:841 (1997 Joint Services abstract)

Warning patients of outpatient medication-induced sedation: preprinted instructions increase compliance (Pennard et al). 1997;29:840 (1997 Joint Services abstract)

Scientology Church

Severe hyponatremia after "purification" (Al-Zaki and Jolly). 1997;29:194-5 (Letter)

Scombroid; see Fishes

Sedatives; see Hypnotics and sedatives

Seizures

Clinical policy for the initial approach to patients presenting with a chief complaint of seizure who are not in status epilepticus (American College of Emergency Physicians). 1997;29:706-24

New-onset generalized seizures in HIV-infected patients presenting to an ED (Pesola and Westfal). 1997;29:840 (1997 Joint Services abstract)

Predictors of abnormal findings of computed tomography of the head in pediatric patients presenting with seizures (Warden et al). 1997;29:518-23

Septicemia

Impaired neutrophil adherence as an early marker of systemic inflammatory response syndrome and severe sepsis (Terregino et al). 1997;29:400-3 (Brief rep.)

Serotonin

Serotonin syndrome associated with nefazodone and paroxetine (John et al). 1997;29:287-9 (Case rep.)

Skin

Radiographic detection of gravel in soft tissue (Chisholm et al). 1997;29:725-30

Ultrasound retrieval of foreign bodies (Storow and Manthey). 1997;29:789-90 (Editorial)

Ultrasound-guided retrieval of small foreign objects in the subcutaneous tissue (Turner et al). 1997;29:731-4

Skin diseases

Incision and drainage of cutaneous abscesses is not associated with bacteremia in afebrile adults (Bobrow et al). 1997;29:404-8 (Brief rep.)

Snake venoms

Exotic envenomation (Bey et al). 1997;29:195 (Letter)

Snow

Epidemic of accidental carbon monoxide poisonings caused by snow-obstructed exhaust systems (Rao et al). 1997;29:290-2 (Case rep.)

Sodium

Severe hyponatremia after "purification" (Al-Zaki and Jolly). 1997;29:194-5 (Letter)

Sodium bicarbonate

Cardiovascular effects of sodium bicarbonate in a porcine model of calcium-channel-blocker overdose (Tanen et al). 1997;29:840-1 (1997 Joint Services abstract)

Software

Review of ultrasound educational CD-ROM software (Valley et al). 1997;29:375-9 (Concepts)

Special commentaries

Special commentaries. 1997;29:161-2

Special contributions

Special contributions. 1997;29:1-81, 647-79, 792-811

Spine

Optimal positioning for cervical immobilization (Olson et al) (Letter); (Schriger) (Reply). 1997;29:693-4

Spouse abuse

Cross-gender violence (Vasquez and Falcone). 1997;29:427-8 (Letter)

Injuries and illnesses of domestic violence (Abbott). 1997;29:781-5 (Concepts)

Status asthmaticus

Refractory asthma, part 1: epidemiology, pathophysiology, pharmacologic interventions (Jagoda et al). 1997;29:262-74 (Review)

Refractory asthma, part 2: airway interventions and management (Jagoda et al). 1997;29:275-81 (Review)

Status epilepticus

Clinical policy for the initial approach to patients presenting with a chief complaint of seizure who are not in status epilepticus (American College of Emergency Physicians). 1997;29:706-24

Intranasal midazolam in patients with status epilepticus (Kendall et al). 1997;29:415-7 (Case rep.)

Stress, psychological

The midnight hour (Ciccone). 1997;29:821-2 (Change of shift)

Stress testing

Cost-effectiveness of mandatory stress testing in chest pain center patients (Mikhail et al). 1997;29:88-98

Stridor; see Respiratory sounds

Stroke; see Cerebrovascular disorders

Students, medical

Child abuse: Are medical students being trained? (Givens et al). 1997;29:839 (1997 Joint Services abstract)

Substance abuse

Clinical course of crack cocaine body stuffers (Sporer and Firestone). 1997;29:596-601

Methcathinone intoxication in the rat: abrogation by dextrothorphan (Rockhold et al). 1997;29:383-91

Suction

Large-diameter suction system significantly improves oropharyngeal evacuation of particulate and viscous simulated vomit (Vandenberg and Lutz). 1997;29:841 (1997 Joint Services abstract)

Sudden death; see Death, sudden

Suicide

Depression screening in adolescents with somatic complaints presenting to the emergency department (Porter et al). 1997;29:141-5

Suicide with an air rifle (Pottker et al). 1997;29:818-20 (Case rep.)

Suicide, attempted

Myocardial infarction resulting from caffeine overdose in an anorectic woman (Forman et al). 1997;29:178-80 (Case rep.)

Rhabdomyolysis and suicidal hydrocarbon inhalation (Betrosian and Palamarou). 1997;29:301-2 (Letter)

Surveys

Longitudinal study of emergency physicians by the American Board of Emergency Medicine: 1995 interim survey results (Rund et al). 1997;29:617-20 (Brief rep.)

Syncope

Hospitalization for fainting: high stakes, low yields (Gallagher). 1997;29:540-2 (Editorial)

Risk stratification of patients with syncope (Martin et al). 1997;29:459-66

Unexplained syncope: When is hospitalization necessary? (Brown et al). 1997;29:838 (1997 Joint Services abstract)

Systemic inflammatory response syndrome

Impaired neutrophil adherence as an early marker of systemic inflammatory response syndrome and severe sepsis (Terregino et al). 1997;29:400-3 (Brief rep.)

T

Tachycardia

Adenosine in wide-complex tachycardia (Herbert and Votey). 1997;29:172-4 (Concept)

Telephone

Telephone orders in the ED (American College of Emergency Physicians). 1997;29:835-6 (Policy statement)

Teratogens

Organophosphate poisoning in pregnancy (Bailey) (Letter); (Okumura) (Reply). 1997;29:299

Terrorism; see Violence

Tetanus

Tetanus immunization (Leibman) (Letter); (Alagappan et al) (Reply). 1997;29:192-3

Thoracic injuries

Effect of immediate fluid resuscitation on the rate, volume, and duration of pulmonary vascular hemorrhage in a sheep model of penetrating thoracic trauma (Sakles et al). 1997;29:392-9

Thoracic radiography

Trauma ultrasound examination versus chest radiography in the detection of hemothorax (Ma and Mateer); (Scalea and Sclafani) (Commentary). 1997;29:312-6

Thrombolytic therapy

Unnecessary thrombolysis (Fesmire) (Letter); (Borzak and Khoury) (Reply). 1997;29:553-4

Time factors

Effect of duration from symptom onset on the negative predictive value of a normal ECG for exclusion of acute myocardial infarction (Singer et al). 1997;29:575-9

Measuring response intervals in a system with a 911 primary and an emergency medical service secondary public safety answering point (Campbell et al). 1997;29:492-6 (Brief rep.)

Transvaginal ultrasound by emergency physicians decreases time in the ED (Burgher et al). 1997;29:839 (1997 Joint Services abstract)

Tomography, x-ray computed

Predictors of abnormal findings of computed tomography of the head in pediatric patients presenting with seizures (Warden et al). 1997;29:518-23

Traffic regulations; see Legislation

Training; see Education

Trains

Anatomy of a train wreck (Dworsky and Caley). 1997;29:186-7 (1997 IDMC abstract)

Transcutaneous pacing; see Cardiac pacing, artificial
Transfer of patient; see Patient transfer

Transportation of patients

Assessment of breath sounds during ambulance transport (Brown et al). 1997;29:228-31

Lights and siren in pediatric 911 ambulance transports: Are they being misused? (Lacher and Bausher). 1997;29:223-7

Patient-specific predictors of ambulance use (Rucker et al). 1997;29:484-91

Triage

Comprehensive strategy for the evaluation and triage of the chest pain patient (Tatum et al). 1997;29:116-25

U

Ultrasonography

Detection of traumatic complications of cardiopulmonary resuscitation by ultrasound (Corbett and O'Callaghan; (Ma) (Commentary). 1997;29:317-22

Effect of emergency physician-performed pelvic sonography on length of stay in the emergency department (Shih; (Mateer) (Commentary). 1997;29:348-52

Emergency department ultrasound services by emergency physicians: model for gaining hospital approval (Tandy and Hoffenberg). 1997;29:367-74 (Concepts)

Emergency ultrasound: out of the acoustic shadows (Heller). 1997;29:380-2 (Editorial)

Pelvic ultrasound performed by emergency physicians for the detection of ectopic pregnancy in complicated first-trimester pregnancies (Durham et al; (Mateer) (Commentary). 1997;29:338-47

A question of perspective (Heller). 1997;29:823-4 (Letter)

Real-time ultrasound-guided femoral vein catheterization during cardiopulmonary resuscitation (Hilty et al; (Heller) (Commentary). 1997;29:331-7

Review of ultrasound educational CD-ROM software (Valley et al). 1997;29:375-9 (Concepts)

Transvaginal ultrasound by emergency physicians decreases time in the ED (Burgher et al). 1997;29:839 (1997 Joint Services abstract)

Trauma ultrasound examination versus chest radiography in the detection of hemothorax (Ma and Mateer; (Scalea and Sclafani) (Commentary). 1997;29:312-6

Ultrasonography in emergency medicine: foreword (Tintinalli). 1997;29:311

Ultrasound for the detection of foreign bodies in human tissue (Hill et al; (Jehle) (Commentary). 1997;29:353-6 (Brief rep.)

Ultrasound in the evaluation and management of blunt abdominal trauma (Nordenholz et al; (Todd) (Commentary). 1997;29:357-66 (Review)

Ultrasound retrieval of foreign bodies (Storrow and Manthey). 1997;29:789-90 (Editorial)

Ultrasound training for blunt abdominal trauma: emergency medicine emphasis (Beach et al). 1997;29:841 (1997 Joint Services abstract)

Ultrasound-guided retrieval of small foreign objects in the subcutaneous tissue (Turner et al). 1997;29:731-4

Use of ultrasound to determine need for laparotomy in trauma patients (Porter et al; (Plummer) (Commentary). 1997;29:323-30

Unstable angina; see Angina, unstable

Utstein style

Recommended guidelines for reviewing, reporting, and conducting research on in-hospital resuscitation: the in-hospital Utstein style (Cummins et al). 1997;29:650-79 (Special cont.)

V

Vaccination

Tetanus immunization (Leibman) (Letter); (Alagappan et al) (Reply). 1997;29:192-3

Vagina

Clinical policy for the initial approach to patients presenting with a chief complaint of vaginal bleeding (American College of Emergency Physicians). 1997;29:435-58

Transvaginal ultrasound by emergency physicians decreases time in the ED (Burgher et al). 1997;29:839 (1997 Joint Services abstract)

Valium

The Valium (O'Brien). 1997;29:293 (Change of shift)

Veins

Agreement between peripheral venous and arterial lactate levels (Gallagher et al). 1997;29:479-83 (Brief rep.)

Venoms

Anesthesia for fish envenomation (Bush). 1997;29:692-3 (Letter)

Exotic envenomation (Bey et al). 1997;29:195 (Letter)

Ventilation

Effects of simulated mouth-to-mouth ventilation during external cardiac compression or active compression-decompression in a swine model of witnessed cardiac arrest (Engoren et al). 1997;29:607-16

Mechanical hyperinflation PEA (Pohl). 1997;29:427 (Letter)

Rapid-sequence intubation revisited (Spalding) (Letter); (Gerardi and Sacchetti) (Reply). 1997;29:191-2

Refractory asthma, part 2: airway interventions and management (Jagoda et al). 1997;29:275-81 (Review)

Verapamil

Effectiveness of verapamil-quinidine versus digoxin-quinidine in the emergency department treatment of paroxysmal atrial fibrillation (Innes et al). 1997;29:126-34

Video

Impaired video driving ability in elderly diabetic patients after a 28-hour fast in the absence of hypoglycemic symptoms (Kamin et al). 1997;29:837 (1997 Joint Services abstract)

Vietnam

Emergency medicine in Vietnam (Richards). 1997;29:543-5 (International rep.)

Violence

Biologic terrorism: the threat and the response biomatrix abstract (McDonald). 1997;29:187 (1997 IDMC abstract)

Child abuse: Are medical students being trained? (Givens et al). 1997;29:839 (1997 Joint Services abstract)

Cross-gender violence (Vasquez and Falcone). 1997;29:427-8 (Letter)

Emergency department patients with assault injuries: previous injury and assault convictions (Moscovitz et al). 1997;29:770-5

Firearm violence among youth (Davies) (Letter); (Fackler) (Letter); (Powell et al) (Reply). 1997;29:424-6

Injuries and illnesses of domestic violence (Abbott). 1997;29:781-5 (Concepts)

Hate crime violence and its emergency department management (Hutson et al). 1997;29:786-91 (Concepts)

Vision

Do motorcycle helmets affect riders' vision and hearing? (National Highway Traffic Safety Administration; (Runge) (Commentary). 1997;29:282-3

Visual acuity

Visual acuity after topical application of proparacaine (Bossart et al). 1997;29:158-60 (Brief rep.)

Vocal cords

Paradoxical vocal cord motion presenting as acute stridor (Dinulos et al). 1997;29:815-7 (Case rep.)

Voluntary workers

EMS and emergency physicians (McEvoy). 1997;29:301 (Letter)

Vomiting

Large-diameter suction system significantly improves oropharyngeal evacuation of particulate and viscous simulated vomit (Vandenberg and Lutz). 1997;29:841 (1997 Joint Services abstract)

W

Wide complex tachycardia; see Tachycardia

Wood

Ultrasound for the detection of foreign bodies in human tissue (Hill et al; (Jehle) (Commentary). 1997;29:353-6 (Brief rep.)

Wound and injuries, prevention and control

Firearm violence among youth (Davies) (Letter); (Fackler) (Letter); (Powell et al) (Reply). 1997;29:424-6

Wounds and injuries, epidemiology

Injuries and illnesses reported during the recovery phase of two presidentially declared disasters in 1994: the Northridge earthquake and Georgia floods (Teeter). 1997;29:187 (1997 IDMC abstract)

Wounds and injuries, etiology

Arrests and convictions for legally intoxicated drivers evaluated for trauma (Kaplan et al). 1997;29:839 (1997 Joint Services abstract)

Injuries and illnesses of domestic violence (Abbott). 1997;29:781-5 (Concepts)

Wounds and injuries, prevention and control

Are poison control centers cost-effective? (Williams). 1997;29:246-7 (Editorial)

Costs of poisoning in the United States and savings from poison control centers: a benefit-cost analysis (Miller and Lestina). 1997;29:239-45 (Concepts)

Do wrist guards protect against fractures? (Lewis et al). 1997;29:766-9

Emergency department patients with assault injuries: previous injury and assault convictions (Moscovitz et al). 1997;29:770-5

Estimates of injury impairment after acute traumatic injury in motorcycle crashes before and after passage of a mandatory helmet use law (Peek-Asa and Kraus). 1997;29:630-6

Helmets work best (Graitcer). 1997;29:643-4 (Editorial)

Law enforcement K-9 dog bites: injuries, complications, and trends (Hutson et al). 1997;29:637-42

Observational evaluation of compliance with traffic regulations among helmeted and nonhelmeted bicyclists (Farris et al). 1997;29:625-9

Recommendations for agricultural safety measures: Do emergency physicians practice injury prevention? (Shukla). 1997;29:841 (1997 Joint Services abstract)

Wounds and injuries, therapy

Anatomy of a train wreck (Dworsky and Caley). 1997;29:186-7 (1997 IDMC abstract)

Effect of immediate fluid resuscitation on the rate, volume, and duration of pulmonary vascular hemorrhage in a sheep model of penetrating thoracic trauma (Sakles et al). 1997;29:392-9

Evaluation of a model for improving emergency medical and trauma services for children in rural areas (Smith et al). 1997;29:504-10

Tetanus immunization (Leibman) (Letter); (Alagappan et al) (Reply). 1997;29:192-3

Use of disaster medical aid centers during a civilian disaster (March et al). 1997;29:186 (1997 IDMC abstract)

Wounds and injuries, ultrasonography

Detection of traumatic complications of cardiopulmonary resuscitation by ultrasound (Corbett and O'Callaghan); (Ma) (Commentary). 1997;29:317-22

Trauma ultrasound examination versus chest radiography in the detection of hemothorax (Ma and Mateer); (Scalea and Scialfani) (Commentary). 1997;29:312-6

Ultrasound in the evaluation and management of blunt abdominal trauma (Nordenholz et al); (Todd) (Commentary). 1997;29:357-66 (Review)

Use of ultrasound to determine need for laparotomy in trauma patients (Porter et al); (Plummer) (Commentary). 1997;29:323-30

Wrist

Do wrist guards protect against fractures? (Lewis et al). 1997;29:766-9

Z

Zolpidem

Zolpidem and hallucinations (Markowitz et al). 1997;29:300-1 (Letter)
